# WELCOME TO

## Altima Conmix (India) Pvt Ltd

(An ISO 9001:2015 & 14001:2015 CERTIFIED COMPANY)

*Altima, Is One Of leading Foremost Manufacturers Of Ready Mix Concrete (RMC) In The Country Today. We Have A Fromed A Caedibale Mindshared Presence And Have Established Ourselves As Key Players In the Construction Sector*

*At Altima We Stand With Our Innovative Approach Towards Total Coustomer Satisfaction We Are Constantly Upgrading Our Skills With The Latest Technology, Applying Stringent Quality Control Standards And Following Efficent Production Process. We Provide A Comprehensive Platform With Solution For Procuring High Quality RMC For Construction Projects Of All Sizes. Providing End-to-End Solution To Our Clients Is Our Usp.*

*Our Team Of Experts Monitor The Entire Process From Selecting The Right Combination Of Ready Mix To Planning The Logistics Of Delivering The Product In Ready -To-Use Form. Our State -Of-Art Production Facilities Ensure Uniform Production Quality Every Time. We Have Been Associated With Several Prominent Projects Within The Country That Are Both Diverse And Wide-Ranging. XXX, YYY, Are Some of the Prominent Projects That We Have Completed Successfully*

# Dependable

# Altima Conmix (India) Pvt Ltd

(An ISO 9001:2015 & 14001:2015 CERTIFIED COMPANY)

## OUR VISION

*To Be Part Of India's Economic Growth Process Through Infrastructure Projects And  
To Be Leading Service Providers For The Construction Industry*

## OUR MISSION

*At Altima We Support Our Vision By Providing End-To-End Solutiopn To Our Clients. We Aim To Provide  
A Hassle Free And Cost Effective RMC Solutions  
Through Our Integrated Approach That Encompassess All Aspects Of Concrete Production  
From Design To Delivery.*

## TECHNICAL EXCELLENCE

*At Altima We Emphasize On The Quality Of Our Products. Our Concrete Forms The Foundation  
Of Many Mega Structures So It Becomes Essential To Be Sure Of Its Safety And Strength.  
Critical Test Are Conducted In Our Plant To Ensure That The Concrete  
Will Have High Quality Standards Such As Strength And Workability*

*Service*

# Service, Safety & Quality

## Our Policy

*Altima Conmix Is Committed To Providing One-Stop Solution For All Concrete Related Services For The Construction Industry. We Are Constantly Engaged In Enhancing The Satisfaction Of Our Clients By Continuously Improving Our Organization And Management System .*

*We Are Conscious Of The Fact That Our Product Forms The Foundation Of Mega Projects And Therefore It Is Essential To Be Sure Of Its Strength And Safety.*

*We Conduct Critical Tests To Ensure That The Concrete We Manufacture Qualify In All Parameters Of Strength, And Workability*

*We Have A Committed Staff And Established Quality Management System Based On ISO 9001 : 2015 & 14001 : 2015*

Pioneers

# Commercial RMC Plant

## Ready Mix Concrete

*Ready Mix Concrete (RMC) Technology Is A Well Established Technique But Is Relatively New To The Indian Market As Compared To Its Western Counter Part. It's Most Preferred Way Of Mixing Concrete In All Construction Projects. It's Inherent Advantage Of Having Uniform Concrete Mix And Quick Turnover Makes It Very Attractive As Compared To Traditional Method.*

*Ready Mix Concrete (RMC) Is Concrete Which In Ready To Use Form And Does Not Require Further Labour On It. It Is A Mixture Of Cement, Water And Aggregates.*

*The Indian Standard Specification IS 4926 : 2003 Defines RMC As : "Concrete Mixed In A Stationary Mixer In A Central Batching And Mixing Plant Or In A Truck- Mixer And Supplied In Fresh Condition To The Purchaser Either At The Site Or Into The Purchaser's Vehicles*

### **RMC Is Manufactured By Computer-Controlled Operation Therefore It Provides :**

- Uniform Mixing Of All Units Resulting In Stable And Good Quality Concrete
- Allows Various Combination Of Mixture To Suit Client's Requirement
- Less Wastage And Optimum Utilization Of All Resources And Time
- Quick Turnover Facilitating Faster Completion Of Construction Projects For Customer

*Innovative*

# Excellence & Integrity

## Our Services

### **sophisticated state-of art-plant**

*Our Production Process Are Computer - Controlled. We First Have Extensive Discussion With Our Clients, Based On The Decision, We Arrive At The Propotion Of The Concrete Mix. The Cement,Gravel And Water Are Mixed In Precise Ratio By Autamated Process Which Gives Us Inform Quality In Every Batch.*

*Our Focus Is To Be Consistent And To Maintain High Level Of Precision In Our End Product That Matches Our Clients Expectation.*

*Our Plant In Bangalore Has An Output Capacity Of More Than 800 Cum Ready Mix Concrete In A Day.*

### **Know - Types Of Concretes**

At Altima, We Have The Expertise Of Producing Different Kinds Of Concrete.

### **We Can Provide :**

- Colored Concrete
- High Performance Concrete
- High Volume Fly Ash Concrete

At Our Plant We Have Successfully Produced Concrete Such As M7.5 TO M70.

# Peerless

# We Care for You

## Customer Support

### ***Sophisticated State -of Art - Plant***

*At Altima, Our Customer Relation Does Not End Once The Transaction Is Over. We Extend Our Expertise For Training Your Onsite Staff After Installation And Also Support Continous Monitoring And Maintenance.*

### ***What Can Expect From Us?***

*We Belive In Providing You An Edge Over Your Competitors By Our Three-Fold Approach Of Ensuring Quality, Streamline Production Process And Quick Turnover.*

*Backed By Our Technical Team Of Engineers And Technicians We Help You To Plan Your Construction Schedule In Advance And Make Sure That Your Project Is Completed On Time.*

*Our Client's Include Some Prestigious Names And Some Of The Projects, We Are Part Of, Have Become Important Landmarks In The City.*

# Service

# Excellence & Integrity

## **Effective Resource/Material Management**

*We Maintain Minimum Wastage Policy.to Achive It Our Plant Is Managed By Trained Professionals Who Oversee The Raw Material Storage And Maintenance. Cement And Fly-ash Are Maintained In Water - Tight Silos. Separate Bins Are Provided For Other Components Such As Sand And Other Aggregates. This Ensures That The Raw Materials Used Are Of Finest Quality That Will Have Direct Impact On The Final Product.*

## **Our Fleet Transit Mixers**

*Not Only Do We Produce High Quality Concrete But We Ensure That The Concrete Reaches The Site Of Our Client In Pristine Plastic State Without Loosing Moisture And Texture,we Have A Fleet Of Well Maintained Transit Vehicles That Carry Our Concrete In The Most Scientific Manner.each Load Is Measured So That Our Client Receives Exct Quantity That Was Promised. The Controlled Atmosphere Also Ensures That The Concrete Remains Intact During Trasportation*

***Our well synchronized process of production allows our clients to confidently plan their construction milestones in advance.***

**Exceptional**

# Quality Control

## Quality Tests

At Altima We Emphasize On Quality Of Our Products. Concrete Mix Forms The Foundation Of Many Mega Structures So It Becomes Important For Us To Be Sure Of Its Safety And Strength. Critical Tests Are Conducted In Our Plant To Ensure The Concrete That We Manufacture Qualify In Parameters Of Strength, Durability And Safety.

## Testing Equipments

Our Plant Is Equipped With Sophisticated Testing Equipments. Both Destructive And Non - Destructive Tests Are Carried Out. We Conduct Rebound Hammer Test On Our Concrete To Determine Its Compressive Strength And Uniformity.

Ultra Pulse Velocity Test Are Also Done To Test Density And Homogeneity. While Compressiöpn Test Examines Durability Of The Concrete.

Our Quality Control Department Carry Out Random Tests To Make Sure That Our Product Are Always Quality Complaint With Industry Standards.

Professional

# On Site (captive) RMC Plant

## Onsite Solutions

*Our Commitment Is To Offer You All-Round Solution For Your Project. Mega Civil Projects Such As Construction Of Roads, Dams, Bridges, Runway Require Captive (On-Site) Concrete Plants. Our Flexible Services Can Adapt To Your Requirement Of Any Scale.*

*Over The Years We Have Emerged As A Strong Player In The Field Of Ready Mix Concrete. We Have To Our Credit, Installations Of Many Construction Project Of Various Sizes. Our Expertise Coupled With Years Of Experience Offers An Ideal Combination Of Dependable Service And Reasonable Cost.*

*Captive (On Site) RMC Plants Are Essential In Reducing Your Cost Of Inputs. We Take Away The Burden From You Of Having To Start From Scratch. We Have Infrastructure Facilities To Transport, Assembling And Disassembling On - Site RMC Units.*

# Our Team - Our Pride

*Our Success Is Backed By A Team Of Dedicated Motivated Team Of Professionals, Engineers And Well Trained Labour Force.*

*Our Group Of Civil, Mechanical And Quality Control Engineers Ensure That The Production Process Is Streamlined For Optimum Utilization Of Available Resources, Quality Control And Maximum Productivity*

## R&D

*Our Research And Development Team Is Constantly Monitoring The Pulse Of The Industry Both In The Field Of Equipments And Infrastructure. The Team Explores, Identifies And Marks Latest Development To Reinvent And Align Ourselves To Match The Market Dynamics.*

# Our Leaders

*Altima Is The Result Of Our Visionary Leaders Who Have Rich Experience In The Field Of Concrete Technology*

*Their Foresight Into The Potential Of RMC As The Future Of Construction And Infra - Structure Industry Hasw Motivated Them To Foray Into RMC Services.*

*Backed By A Team Of Experts And Professionally Managed Production Centre In Bangalore, Altima Is Creating New Landmarks In The City.*
